Meeting began promptly at 4pm.

Discussion of the possibility of getting a map and picture fumigated so that we can have them preserved. This could be done through Roseland Cottage/Historic New England.

Motion by Irene/Elaine to appropriate \$450 to fumigate the map, and if at no further cost a picture. Motion approved.

After it is fumigated, it will need to be taken to the Andover preservationists to find out the cost of repairing the map.

Discussion-Shutter project. Put it on the agenda for the January meeting- That we will discuss the hinge. There is a possibility of the TV program . This Old House, having a hinge we can use. (They were renovating a house in Boston.)

Window reglazing-It will cost \$750 for each window. It will be done in the spring of 2015. There will be 8 more windows to do. Discussion of grants and possible ways to pay for the rest of the windows. Could we write an article for the villager or Putnam paper. We need \$7,300 more dollars to pay for the rest.

Motion by Alan/Edmond to spend \$1460 to repair 2 windows. Motion approved.

Other Old business-Myra painted the outside of the fence between Quasset and the Elementary School.

On September 17th at 4pm, Elaine met Myra at the Red/White School in northwest Woodstock. This was the September meeting of the QSAC but only Elaine and Myra were present as members of the committee. The school belongs to the Woodstock Historical Society and is a Historic property. Also attending were Tom Chase, Lynn Smith, Bev Brazil and

Karen Monroe. Elaine talked about the history of the building and talked about what needed to be done. Shutters needed fixing and two trees needed to come down. No business was done as there was not a quorum present.

Dates were set for the 2015 QSAC meetings.

Jan. 21, 2015, March 18, 2015, May 20, 2015, July 15, 2015 Sept. 16, 2015 Nov. 18, 2015 and Jan. 20, 2016.

Further discussion. Dr. Baron, the Woodstock School System Superintendent, wants a map of the historic property around Quasset School as he wants to put up a high plastic fence so that drivers cannot see into the playground. We do not want a plastic fence on our property and have stated that he must move the fence to the correct property lines if he wishes to put up a plastic fence. We will send them a map and documentation to prove our property lines.

Brian may put up a fence of rope around our property so that people will not park on the Quasset lawn while it is muddy.

Motion by Elaine/Edmond to adjourn. Motion approved at 4:52pm.

Respectfully,

Irene Wheeler
QSAC Secretary
